VEDAScore APPLY® AVERAGE SCORE

VedaScore Apply® returns a score between -200 and 1,200 that summarises the information on an individual's credit file at a point in time. In simple terms, the higher the score, the better the person's creditworthiness.

The average application VedaScore for individuals who have applied for credit within the last 3 months and have CCR data on file.

WHAT IS CCR?

CCR came into effect on 12 March 2014 in Australia and allows credit providers to share the additional data below on each customer. Sharing of repayment history information is permitted for credit licensees only as defined by the *National Consumer Credit Protection Act 2009*. For now, telecommunications and utilities may not share or use repayment history information.

Five new data sets available with CCR:

Date
account
opened

Type
of credit

Date
account
closed

Available
